fred greenstein has been a paragon of scholarship and practical advice in his many years of work on the presidency here some of the leading scholars of the presidency and leadership studies come together to pay tribute to greenstein and his work original essays reflect the broad sweep of greenstein s scholarship from the systematic study of personality and politics to the analysis of chief executives from woodrow wilson on the essayists pay special attention to the political styles advisory systems and decision making processes of presidents from the 1920s to today in his studies of the american presidency greenstein pioneered the use of archival documents to test hypotheses and illuminate issues that bear on the performance of the modern executive office the distinguished list of contributors to this volume include john burke robert a dahl alexander and juliette george betty glad alonzo hamby erwin hargrove john kessel anthony king kenneth kitts j donald moon and fred greenstein s first and last graduate students at princeton larry berman and meena bose greenstein himself generously writes a new essay on plumbing the presidential psyche adding to his substantial contributions to political psychology

political leaders are the most universal recognized and talked about element of political life however the general analysis of political leadership has been little advanced in this book professor blondel provides a general framework for the systematic study of leadership to make possible future empirical study and comparative analysis of political leadership after examining the current state of political leadership studies professor blondel categorizes the leaders of the world taking into account both their goals and the constraints and opportunities resulting from the environment important features and influences on leadership are identified the sources of personal power the role of leaders own psychology and perspective the instruments of power available to leaders their relationship with

subordinates and citizens the influence of institutions on leadership and the impact of leaders provided by publisher

this authoritative volume analyses the practice and impact of political leadership aiming to position it within a more integrated framework

leadership is an increasingly relevant area of research especially for social scientists leadership in rural areas of developing societies has acquired more importance in the era of globalization political leadership is a concept central to understanding political processes and outcomes yet its definition is elusive many disciplines have contributed to the study of leadership including political theory history psychology and management studies political leadership has made a comeback it was studied intensively not only by political scientists but also by political sociologists and psychologists sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance understanding and measuring political leadership is a complex business though we all have ideals of what makes a good leader they are often complex contradictory and more than a little partisan the world is full of aspiring political leaders but sadly very few live up to the leadership ideals in fact many political leaders seem to severely lack some of the most important leadership qualities such as integrity and accountability it is no coincidence that for many people the word politician has such negative connotations however history and present day shows us that there are still a few who come close to the leadership ideals and who are good examples of an effective political leader in this book quality of leadership which played a dynamic role in the political has been analysed

political leadership has returned to the forefront of research in political science in recent years after several years of neglect this handbook provides a broad ranging and cohesive examination of the study of political leadership

what motivates political leaders to seek office what social backgrounds do political leaders exhibit are all leaders fundamentally alike or do we find important differences between them these and related questions concerning political leadership are examined in this unique new work the authors concentrate on two principal types of political leaders loyalists those who seek office through peaceful processes whether appointive or elective and revolutionaries those who seize power in violent ways by systematically comparing the similarities and differences between these two groups rejai and phillips find that loyalists and revolutionaries are basically the same type of person however their most significant differences lie in their relative access to positions of power and authority within their respective societies

using examples from strong leaders from charles de gaulle and margaret thatcher to barack obama a renowned politics professor dispels the notion that leaders who dominate the policy making process are more effective than those with a more collegial ruling style 17 500 first printing

this text examines the resources of and constraints on political leaders in contemporary political systems since 1945 it compares six countries to assess the effectiveness of political leadership and its relationship to the nature of institutional structures and political environments

political leaders govern countries negotiate treaties control military forces and shape economies advanced as these activities may seem however psychiatrist arnold m ludwig contends that rulers actions are rooted in the alpha male behaviors of monkeys and apes profiling every ruler of a recognized country in the twentieth century over 1 900 people in all ludwig establishes how rulers came to power how they lost power the dangers they faced and the odds of their being assassinated committing suicide or dying a natural death concentrating on a smaller set of rulers for whom more extensive personal information was available ludwig profiles the six different kinds of leaders examining their characteristics childhoods and mental stability or instability to pinpoint chief predictors of later political success

leadership is one of the principal interests of the social sciences drawing on psychology sociology anthropology and business studies as well as philosophy and history this four volume collection focuses in on democratic leadership in the political sphere what makes a

successful political leader how much influence can an individual really have why are so few top political leaders women david bell roots this collection in the classic works of machiavelli and weber before turning to the work of the american political scientists who were the first to study leadership in a systematic way in the 1960s and coming right up to date with the work of skowronek and others the selections are arranged in 12 sections including theories of leadership do leaders make a difference weber s view of political leadership machiavelli s analysis of leadership modern theory personality of political leaders questions of equality the political morality of leadership the leadership entourage discourse and symbolism in leadership the cycle of leadership and presidentialism and contemporary populism

accomplished political leaders have a clear strategy for turning political visions into reality through well honed analytical political and emotional intelligence leaders chart paths to promising futures that include economic growth material prosperity and human well being alas such leaders are rare in the developing world where often institutions are weak and greed and corruption strong and where responsible leadership therefore has the potential to effect the greatest change in transformative political leadership robert i rotberg focuses on the role of leadership in politics and argues that accomplished leaders demonstrate a particular set of skills through illustrative case studies of leaders who have performed ably in the developing world among them nelson mandela in south africa seretse khama in botswana lee kuan yew in singapore and kemal ataturk in turkey rotberg examines how these leaders transformed their respective countries the importance of capable leadership is woefully understudied in political science and this book will be an important tool in exploring how leaders lead and how nations and institutions are built

while many people have the passion and drive to become political leaders not all of them develop the skills needed to make sure their voices are heard and their issues are taken seriously in this practical guide readers will learn to identify their own strengths and weaknesses and cultivate a range of essential leadership skills such as empathy patience public speaking time management conflict resolution and research sidebars provide examples of young activists who have created change in their own communities illustrating that people of all ages can be political leaders

this book is unique in illuminating and comparing the charismatic role of two political leaders jawaharlal nehru and david ben gurion along with assessments of many other 20th century political leaders its aim is to enrich our knowledge of an important dimension of global politics charismatic leadership the central role of political leaders in shaping the behavior of states has been universally recognized since the political systems of antiquity in east asia the middle east and europe with the massive increase of independent states since the end of world war ii from 55 initial members of the united nations to more than 200 today and especially the emergence of awesome weapons of mass destruction the centrality of political leaders in the survival of the planet has grown exponentially both india and israel have experienced the crucial role of charismatic leaders nehru and ben gurion who dominated their states and societies for a near identical formative period in their political independence 1947 64 and 1948 63 respectively as charismatic leaders their impact brecher shows extended far beyond their states to both their geographic regions and global politics

the leadership capital index develops a conceptual framework of leadership capital and a diagnostic tool the leadership capital index lci to measure and evaluate the fluctuating nature of the leadership capital of leaders differing amounts of leadership capital a combination of skills relations and reputation allow leaders to succeed or bring about their failure this book brings together leading international scholars in the field to engage with the concept of leadership capital and use and apply the lci to a variety of comparative case studies the book provides an important timely and innovative contribution to the now flourishing academic discipline of political leadership studies the lci offers a comprehensive yet parsimonious and easily applicable 10 point matrix to examine leadership authority over time and in different political contexts in each case leaders spend and put their stock of authority and support at risk united states president lyndon johnson arm twisting congress to put into effect civil rights legislation tony blair taking the united kingdom into the invasion of iraq angela merkel committing germany to a generous reception of refugees all spent capital to forge public policy they believed in the volume examines how office holders acquire consolidate risk and lose such capital and concentrates predominantly on elected chief executives at the national level including majoritarian and consensus systems multiple and singular cases and also examines some presidential and sub national cases the leadership capital index is an exploratory volume with chapters providing a series of plausibility

probes to see how the lci framework performs as a descriptive and analytical tool
