written by leading european expert domènec melé this is the ideal companion for students determined to make the business world a more ethical and moral place

master s thesis from the year 2015 in the subject business economics miscellaneous grade 1 university of vienna institut für betriebswirtschaftslehre course e business language english abstract the era of information technologies hereafter it has

lead to a shift from exchanging goods to services and at the same time to a tremendous increase of companies operating in the field of electronic business as continuous changes of the environment take place in this field it is crucial for the companies to come up with new technologies and solutions on a regular basis oliveira et al 2002 this complex condition leads to on going development adaptation and maintenance of eservices which are seen as a central part of any electronic business activity due to their contribution to interactivity connectivity increase of customer satisfaction as well as mass customization sheth and sharma 2007 succeeding in these mentioned tasks guarantees long term benefits for the companies helps them to achieve their stated targets as well as to retain a strong competitive advantage which is of a great importance however eservices need to be managed properly in order to really be a benefit for the company one of these fundamental management tasks includes the continuous business value assessment of eservices which is not only suitable for the calculation of the business value but is also able to indicate whether the eservice contributes to the achievement of the company s key performance indicators and how well it performs the assessment of eservices business value is conducted using appropriate methods and metrics which lies the midpoint of this master thesis examination

master s thesis from the year 2017 in the subject business economics business management corporate governance friedrich alexander university erlangen nuremberg language english abstract the goal of this master s thesis is to examine the relationship between managerial or and business model innovations bmis in established organizations in order to meet the complexity of the topic this thesis is focused on factors that hinder or help managers in recognizing business opportunities focusing on incumbent firms this paper conducts further research to identify the main influencing factors including challenges vulnerabilities and obstacles the thesis is divided into six parts starting with a brief description of the research topic including the problem position and objective second a literature review is conducted to summarize the state of research including theoretical foundations in today s scientific literature the two fields of research bmi or are by no means treated independently from each other for the time being bmi and or are considered independently of each other it is then shown exactly how current literature treats managerial or with respect to bmi the results are then synthesized into a summary highlighting what

is known and not known the areas of controversy in the literature are identified and questions are formulated that need further research the third part of the thesis consists of expert interviews derived from the literature review a guideline for interviews is developed to treat the research gaps in an appropriate way and to meet the complexity of the task setting the explorative survey aims to identify the challenges and drivers of managerial or in bmi and to identify approaches that have not yet been addressed in scientific literature to a significant extent the core of the analysis is the splitting of the bm into the elements value proposition value creation and value capture this ensures that all the facets of a company s bm are accurately addressed and form the basis for high quality results in order to cover a broad range the paper does not focus on a certain industry the interviews are conducted with an array of decision makers in organizations that have attempted or are currently attempting to innovate their bm at the business unit level or the corporate level
